

Bendingtool for FLEXWELL® Elliptical Waveguide E65, E70, E78

Product Description

Bendingtool kit with one template for E-plane and one template for H-plane, one clamping device

Features/Benefits

Bending Tools provide perfect forming of FLEXWELL Elliptical waveguide bends during installation.

- Avoids undercutting of the minimum bending radii

Technical Specifications

Product Line	Elliptical Waveguide Accessories
Product Type	Installation Hardware
Transmission Line Type	E65, EP65, EP70, E78, EP78
Type of Tool	Cable Preparation Tool
Material	Aluminium alloy
Package Quantity	1
Weight per kit, kg (lb)	4.5 (9.9)

Notes

Radius of E-plane template = 300 mm (11.8 in)

Radius of H-plane template = 600 mm (23.6 in)
