

RSB Clip with clamp lining for FLEXWELL® Elliptical Waveguide E150

Product Description

The RSB clip is designed for installation of FLEXWELL elliptical waveguide types E105 to E380 and overmoded waveguide type EO38. The clip is a universal clamp device which can be used in many mounting configurations.

The clip is manufactured from stainless steel and is resistant against most environmental conditions. The set consists of a stainless steel clamp including a clamp lining made of rubber.

**Features/Benefits****Elliptical Waveguide installation**

- The RSB clip provides a simple and fast installation of small and medium size elliptical waveguides
- It includes a rubber clamp lining

Technical Specifications

Product Line	Elliptical Waveguide Accessories
Product Type	Hanger
Hanger Type	RSB Clip with clamp lining for Elliptical Waveguide
Transmission Line Type	E150 EP150
Number of Cable / Waveguide Runs	1
Spare Part / Useful Accessories	Cleat : RSB-310 Anchor bar fixation : RSB-315
Material	Stainless Steel
Installation Temperature, °C(°F)	-50 to 85 (-58 to 185)
Operation Temperature, °C(°F)	-50 to 85 (-58 to 185)
Storage Temperature, °C(°F)	-50 to 85 (-58 to 185)
Drill Hole Size, mm (in)	8 (0.315)
Package Quantity	10
